

Note from the Principal's Desk

Dear BAIS Community,

It is good to be back after being gone for three weeks recruiting and visiting my parents in the States. The snow was fun but I am enjoying the warm weather again. As I jump back into the swing of things, there are a lot of great events happening this month. I enjoyed meeting many of you last week during Dialogue with a Director. Thank you for how you support and encourage the school as we all work to make this the best environment possible. Thank you also to everyone who came for Student-led conferences. It is great to see parents and students sharing together your student's successes. Next week we have our Math Olympics on Thursday, March 18th. Thursday afternoon there will a special Math assembly at the end of the day. Fine Arts Festival is also coming up in April. Stay tuned for more information on a special gallery evening, April 15th and events and a concert on April 16th. These and many more activities such as the Mindlab Olympics, Swim Team Tryouts, and third quarter report cards are all coming up in the next few weeks. Please stop in at the school and see all the great things that are going on.

Blessings,
Charity LaMertha
Elementary Principal / Curriculum Coordinator

March is vaccination month!! Lately, many students are coming in with sore arms thanks to their parents caring about their health. I still haven't heard from some of you regarding the letters that were sent out. These were sent last week informing parents which immunizations were missing. As you get new immunizations for your children, please ask the doctor to fill in your record book or at least write down on an official paper which vaccinations were given. Please continue to get the vaccinations mentioned and/or bring the updated records to the clinic so that I can update your child's file.

BAIS is making every effort to follow international protocol for immunizations, for our continued certification as well as your child's health.

Thank you for your support
