

Notes from the Elementary Principal

Dear Parents,
May is here, and the end of school is quickly coming upon us. It is exciting and a bit sad as we look to the close of the year which means saying goodbye to some wonderful students and families. It is exciting though to celebrate all of the wonderful accomplishments and growth that have happened this year. There are a lot of end of the year events happening. Please take note of the banquets and awards assemblies as these are a great time to encourage all the students on a job well done. Next week will also be the last dialogue with the director. This will be a great time to share some exciting things that are happening with the school in the area of special programs, curriculum, SAT tests, and school projects. It has been a great year in the elementary and I look forward to sharing those praises and celebrating those successes over these coming weeks.

Art News

Parents... I need your help!

(pictures of artwork from your home or actual artwork from your home)

6th grade is starting a unit on calligraphy and beautiful handwriting from around the world. Calligraphy within different religious texts will be studied as well as the history of calligraphy. We are in need of examples of beautiful handwriting from any culture.

7th and 8th grade have started individual units on Business/Marketing/Advertising.

7th grade will make a magazine ad that entails designing and marketing their own beverage containers. We are in need of **beverage** containers from different parts of the world (soda cans, juice containers, jars, etc.). Pictures of cans are OK as well.

8th grade is in need of candies from different parts of the world and Indonesia. We are focusing on marketing candy.

K-12 Also K-12 will begin a clay project within the next couple of weeks. We need pictures of decorative clay bowls, vases, figurines, etc. from Indonesia and from different parts of the world. It is more personal if these items come from your home collection.

If you have any artwork at all in your home (especially related to the projects we are working on), would you mind **taking a picture of the artwork(s) and emailing them to me** at my BAIS email address (joshransom@baisedu.org)? Paintings and drawings would be great as well.

With your approval, students can bring in the actual artwork to my class as well. If there is anything unique or interesting about the particular artwork such as its history, date completed, artist name, country of origin, this would be very helpful.

I would greatly appreciate your consideration and participation.

Thank you,

Josh Ransom
