

FROM THE BAIS DIRECTOR

Dear BAIS Families,

As we look ahead to what God has for BAIS in the coming school year (22-23), I am excited to announce a few of our newly hired staff members who will be joining us in July.

Michelle Morris - Mrs. Morris will be our new Kindergarten teacher. She has taught in schools in Malaysia, and Virginia, U.S.A. in the past, and will be completing her Master's Degree in Curriculum and Instruction this May. She is originally from Virginia, U.S.A.

Richard Morris - Mr. Morris (husband to Michelle) will be joining us as an upper elementary teacher (grade level still to be determined). Mr. Morris has over 15 years of teaching experience and holds both a Master's and an Ed.S. degree in Education. Richard and Michelle have three children who will be joining the BAIS student body as well. Mr. Morris is originally from Virginia, U.S.A.

Rita Harsono - Ms. Harsono will return to BAIS after a year away and will be teaching secondary math and science. Ms. Harsono is a very talented educator, as you well remember, and brings to BAIS a wealth of knowledge in both her content area and Google for Education. She possesses a dual degree from UPH (Universitas Pelita Harapan) - Teachers College and Corban University in Oregon, U.S.A., majoring in Secondary Mathematics.

Danielle Washington - Ms. Washington will be teaching 2nd grade (Mrs. Squiers will return to teach Preschool). She is originally from Texas, U.S.A., but has most recently taught in Alaska. Before that, she taught internationally in Kuwait. She is currently studying towards her Master's degree in Education (Curriculum and Instruction) and has ten years of teaching experience.

Keep an eye out for these new staff members on our @baisedu instagram and facebook pages!

While we still have a couple more teachers to hire, we continue to trust that God has the perfect candidates already lined up. Please pray with us for excellent teachers to join our team.

Together,

Mr. Cantrall

BAIS COMMUNITY TRIVIA!

March 13th marks the last sort of normal school day we had since COVID started. So in 'honor' of it's two year anniversary, let's do virtual trivia!

It will take place via gMeet from 6pm-7pm on Sunday, March 13th. We will use Kahoot.

Please make a team of one to six people. It will be easiest if your team can meet in the same place together. We will NOT be gathering in person, only on the gMeet! Teams can have up to **SIX** people. Children in 6th grade and up count as a participant. Questions will cover a variety of topics, but I can guarantee there will be a 'BAIS during COVID' category and the traditional, 'Today in History' category! The other topics are mysteries! I hope you join! Please contact ClarissaRibbens@baisedu.org with questions or to be added to the googleCalendar event.
